Ward Proceedings yesterday belonged to the Fifth Ward, and should have been so inserted. Our readers will please make the correction. By a similar blunder, the Resolution of Instructions in Livor of LUTHER BRADISH for Governor, moved by Mr. Eumonds in the Ninth Ward, was not stated to be unanimously adopted, as was the fact, and as will have been readily understood by the reader.

NORTH CAROLINA .- The letter of our Raleigh correspondent, which ought to have reached us in season for our last, did not come to hand till yesterday morning 8 o'clock-of course, too late to be of use. The letter which we should have received yesterday at 3 o'clock will doubtless come to us this morning-utterly useless. Why is this?

By our correspondent's delayed letter and a Loco-Foco bulletin from the Raleigh Standard, we have returns enough to render it morally certain that Hon. JOHN M. MOREHEAD, the present Whig Governor, is reelected by from 3,000 to 5,000 majority. This is quite as much as we expected, and places the vote of the State for HENRY CLAY, beyond a reasonable doubt. Gov. Morehead has every where proclaimed himself for Henry Clay, a National Bank, and a Protective Tariff. and declared that he wished the votes only of those who agreed with him on those points. There is no pretence, or shadow of room for any, that he received any Loco-Foco votes; his competitor, Hon. Lewis D. Henry, being an able, upright, and popular citizen. So that matter is settled.

The Legislature may have gone against us, and may not. The chances seem now about even. When Gov. Dudley was elected by 4,000 majority in 1836, the Legislature was tied, and that is about the odds against us the way the State divides. We had 38 majority in the last Legislature on 8,000 popular majority, and we are reported to have lost 2 or 3 Members in Granville, 1 in Robeson, and 1 in Johnston-all close counties in '40, and the last two before that against us -and we have gained 1 in Franklin. There are a good many close counties in the State, and the result is doubtful. If Orange has gone against us, we shall consider the chance Loco, but by no means a certainty. We may have something for our

KENTUCKY .- All Whig; and there is no use in giving returns. The few Loco-Focos in the field are generally running as advocates of Relief Laws, or on some local hobby.

INDIANA .- We are encouraged by the few re turns from this State. So far as we have heard, we have lost but one Member of the Legislature in Floyd, by 9 votes, and gained 1 in Harrison, 1 in Fayette, and 1 in Marion, (the metropolitan County.) This is pretty fair in half a dozen Counties: and, as the last Legislature stood about tied we hope all is right.

ILLINOIS .- We have a few returns from just around Chicago. The Locos prevail in Cook Cour ty of course, by about 600 majority. (In 1840 Van Buren over Harrison 955.) The Whig paper claims one Member, owing to a split on the other side, but this is not conceded. In Chicago, Ford for Gov. 651; Duncan 340. Will County is also Loco. of course. (It gave Van Buren 614.) Du Page ditto by 50 majority. (It gave Harrison 55.) All the Whigs get in Illinois we shall consider clear gain

ALABAMA .- We have papers up to the morning of Election, which were 'going it' full blast. There is no doubt, however, that the State remains Loco-

. Whig Promises.

Before the Election of 1840, it was the standing complaint of the Loco-Focos that the Whigs concealed their intentions, and would not declare the principles on which they intended to conduct the Government, but smothered all inquiries in a hurrah for Log Cabins, Coonskins, Hard Cider and Tippecanoe. Now these same veracious gentlemen assert that the Whigs promised every thing and pledged themselves to every thing, possible and impossible, in that very contest of 1840! Do not these two falsehoods save us the trouble of refuting either?

LOCOFOCOISM IN THE COMMON COUNCIL .- We gave yesterday a summary of the business done at the meeting of the two Boards on Monday night; but we find in the American a sketch of the debate of the evening, which brings more directly to view some of the distinctive features of Loco-Focoism as it exists in the Common Council of our city. We will briefly note a few of the measures they

1. The defaulter STEVENSON, who yet retains in his pocket \$6,000 belonging to the City Treasury, had the impudence to put in a petition for payment of wages in arrears : and Ald. Leonard and Purdy contended stoutly that such payment should be made, the former maintaining that in equity, though not in law, it was due! Ald. Crolius reminded them of the fact that his father was turned out of office by the Loco-Fecos to make room for Stevenson; that he had performed much labor before his ejection, for which he had never received a cent, and of which Stevenson had availed him-

2. Ald. Leouard wished certain remonstrances against Creton Aqueduct Contracts to be referred to a Special Committee, for 'he had heard that favoritism rather [than justice had governed the allowance of their contracts;' he appealed to the magnanimity of the majority to allow some of the Loco-Focos to be on the Committee. In reply, Ald. Davies said that when Ald. Leonard presided over the Committee contracts were given out at \$1,100 per mile which were now taken at \$400; and that in 1840, under Loco-Foco rule, not a single Whig was permitted to be on the Committee, whereas now there were two of the Loco-Focos: These facts sufficiently met the charges of Whig favoritism and narrow-mindedness.

4. The Hold-over officers refuse to pay over the money in their hands to the Treasury, which fact the Comptroller has officially reported. The defulters have sent in strings of reasons for their conduct, which Aldermen Purdy and Leonard urged should be printed at the public expense! Verily this is the age of impudence. These worthy gentlemen plainly declared, that if Tom Lloyd should send in a paper to explain how he came to steal that \$60,000 from the people, they would plunder the people of an additional sum to pay for print-

The Canal Tolls received at Rochester for the week ending Aug. 6, amounted to \$2,223.

North Carolina Election.

[The following letter from our regular correspondent ought to have reached us in season for our last, but failed unaccountably. Ed. Tr.] To the Editor of The Tribune: RALEIGH, Aug. 5, 1840.

Returns from the precincts in Wake (the metropolitan County) have just been made, and I hasten to inform you of the result :

Senate, James B. Sheparl; Commons, Nathaniel G. Rand, Demsey B. Massey and Gaston H. Wilder-all Locos. No change.

For Governor, Morehead, Whig, 953-Henry, Loce, 1133, showing a Whig loss of one hundred

I make no doubt, however, that Morehead will be reelected by at least five thousand majority.-The Old North is Whig to the core. Let the other members of the Confederacy do as I know she has done in the late campaign, and they will do Yours.

P. S. I have just heard from Johnston, Franklin and Cumberland. In Johnston, 3 Locos; for Governor, Henry, 571-Morehead, 539. In Franklin 2 Locos and 1 Whig; for Governor, Henry,646: Morehead, 362. In Cumberland 3 Locos; for Governer, Henry, 886-Morehead, 558.

It also rumored that the Locos have carried Granville, at the last election a Whig County .-More to-morrow.

Loss AND GAIN: Whig gain-Franklin 1;-Whig loss-Johnston 1.

Correspondence of The Tribune. CONNERSVILLE, Ia., August 2, 1842. Our annual election for members of the Legislature and County officers, took place yesterday. In this County (Fayette) the Whigs have elected their ticket, sending two Whigs to the Legislature. Last year we had but one-gain one. I is generally the case that as Fayette County goes, so goes the State; and if so now, we will have a majority in the Legislature, which will send a Whig to the U. S. Senate.

Mr. CLAY is the first and only choice of the Whigs in this country for the next Presidency.

Louisiana .- Day after day we receive scores of Loco-Foco journals, especially from States on the eve of their Elections, huzzaing over a 'glorious victory' in Louisiana, and asserting in round terms that they have the Governor, Legislature and two of the three Members of Congress. All this is most outrageously untrue. They have the Governor, but clearly by Whig votes; while two of the three Members of Congress are Whig, and the Legislature has a stronger Whig majority than ever before within our recollection-certainly stronger than at any time during eight years past. We have not yet complete returns for Governor, but Mouton's majority is about 1,400, and a few returns will show how he came by it;

Parishes. Johnson. Mouton. Moore. Bryce. Har. V. B. St. Martin.126 373 435 37 463 103 St. Mary 248 162 306 93 308 St. Landry.....631 518 752 382 836 434 Total 1005 1053 1493 512 1607 624

Here Mouton is 1,000 better than his party in three Parishes, and there are many more like them. There can be no doubt that, but for Whig votes given him on personal grounds, he would have been beaten 2,000.

A Sign from Alabama. A Loco-Foco writes from Mobile to Major Dal-

getty of the Union as follows: "Throughout South Alabama, and pervading to a great extent the Northern part of the State, there exists the strongest partiality towards our great states nan, John C. Calhoun, In fact, the Seuth can alone feel that their interests are firmly secured, with such a man at the helm of Government, our attachments and favor of Mr. Van Buren, the Southern Democracy will almost en masse support Mr. Calhoun at the Democratic Convention."

Martin! do you hear that?

The Union deliberately falsifies what we said in our last on the subject of Wool. We stated the fact that, by the Tariff bill just passed, chean Wool was to be admitted at a merely nominal duty, and fine Wool at a duty which, assuming that The Union had stated the cost correctly, would amount to a little less than seven cents per pound. This we said to refute a former falsehood of The Union, that the Tariff men were clamoring for a duty of forty cents on Wool. But, instead of cerrecting the old lie, The Union tells another, plumply stating that The Tribune" contends that the duty on cheap Wool will be only seven cents per pound." Is there no sense of decency or shame in this rascally old profligate?

As to his reiterated falsehoods about negroes. in defiance of the explicit statement of the facts by us, they only subject him to the contempt and loathing of the reading community.

CROTON WATER .- The Water Commissioners say that the City of New-York is more abundantly supplied with water than any other City in the world. This statement, founded on actual calculations made by scientific men, is found to be correct. Why then do the Commissioners restrict the citizens who use the water in their families. to half-inch pipes from the street conductors into their houses? We saw a lad yesterday trying to wash the pavement by attaching hose to the window washer or pavement hydrant; but the stream was very much like the squirting of water through a goose quill. In Philadelphia the pipes are not less than three quarters of an inch. They ought not to be less in New-York. The amount of water which a family will use in a year will be just as much with a small pipe as a large one. The advantage of the large one is in the saving of time, and in the facility which it gives in cleansing the pavements and streets. We would be glad to learn that the three quarter inch pipe was adopt-

IF Noah is disturbed by a concatenation of the terms 'treachery' and 'Henry Clay' in the Whig Ward Resolutions. He is too easily fluttered. Nobody is indignant at his treachery, for nobody expected him to stay with us longer than he was paid for so doing. His instincts all lead him to the side of humbug and knavery.

We mentioned yesterday the burning of the American Theatre at New-Orleans. The Picayune says that it was undoubtedly the work of an incendiary. Not an article of the valuable furniture was saved or insured. The building was insured for about \$15,000, and with this sum it is intended to rebuild the theatre.

The Montreal papers say that Dr. Wolfred Nelson is about to resume the practice of his profession in that city. Dr. Nelson was almost the only man of character and commanding talents who took part in the Canadian rebellion. His reputation as a surgeon was of the highest order. Since his exile from Canada he has been practising his profession with eminent success at Plattsburgh, N. Y.

This, it will be known, is the Loco-Foco end of he State. The Globe has reports of the gain of eleven to the Locos, but has no returns to back them. If our letter, now lying beyond our reach in our City Post Office (through no fault of the office, however,) does not bring news that Orange is lost, we shall consider our chance best still .-The Globe virtually gives up the Governor.

INDIANA .- The Globe reports a Whig gain of a Member in Decatur, and talks despairingly of the

Kentucky and Indiana Elections.

Correspondence of the Tribune.

Baltimore, Aug. 9, 1842-8 o'clock A. M. The mail this morning furnishes few additiona returns. I subjoin all received.

KENTECKY .- In this good old State Loco-Focoism, or that more pestilent ism, Tylerism, finds no favor with the people. At the close of the polls in Louisville, the vote stood:

Ballard (W.) 1227 Pope, (Loco) 611 Glover, (W.).....1170 Marshal, (Tyler).438 Robards, (Loco). 156 The Whigs are elected by a vote of two to one over the Locos, and three to one over the Tylerite,

who got all his votes from the Loco-Foco side. Jefferson county has elected one Whig and one Loco-Foco-last year both Locos. The poll is:

The returns had not been received in full, but so far asithey went show that Whigs will be elected in the following counties: - Madison, Clarke, Jessamine, Bourbon. Hardin, Meade, Oldham, Nelson, Bullett, Mason, and Fayette; and Loces in the following counties: - Montgomery, Bath, Woodford and Scott.

Of course the Legislature of Kentucky will be nearly unanimous for Clay.

INDIANA .- Very few detached returns have reached me. The following table comprises all the accounts I have, to which I add the result last year, that it may be seen how the contest is likely Legislature.

The account, so far, stands pretty much as last year, but the Whigs lose one member by a change n the apportionment. Strangely enough, the Louisville papers, neither Whig nor Loco-Foco, say one word of the Indiana Election.

It is reported in the Madison Banner, that Tannehill (L. F.) is elected to the Senate in Jennings, and Bartholemew and Rich (politics not stated) elected to the House for Jennings. Also, that English (L. F.) is elected in Scott. If these reports are true we lose.

MELANCHOLY SUICIDE.-It is stated in the Louisville Journal that Miss Malina Helm, an accomplished lady of Harden county, and sister of John L. Helm, (formerly Speaker of the Kentucky House of Representatives,) committed suicide by taking laudanum on the night of the 30th ult. She left a long letter addressed to her brother.

Adjournment of Congress-Contested Elections—Mississippi—General Ticket—Revenue—Veto—Naval Pensions—Furloughs—Schools, &c.

Correspondence of The Tribune. WASHINGTON, August 8.

In the House of Representatives to-day, Mr. Mason, of Ohio, offered a resolution for the adjournment of Congress sine die, on the 22d inst at 2 o'clock P. M. which was adopted without a division, but two or three dissenting voices being

A resolution offered by Mr. CALVARY MORRIS, providing for the supply of the Members of Congress with such books as were furnished the Members of last Congress, was adopted: Yeas 90,

Nays 74. The bill to regulate the taking of testimony in cases of contested elections was taken up in Committee of the Whole on the Union-the debate to cease at one o'clock. Mr. Gwin of Mi. moved an additional section providing that it shall be at the option of the States to elect their members of Congress by single Districts! This was ruled out of order and not received. Mr. G. however succeeded in debating the subject, and said that Mississippi and some other States would pay no attention to the apportionment law, but according to their own existing laws elect their Representatives by general ticket, and leave for the 28th Congress to decide whether this unconstitutional polity, not of districting the States, but of requiring them to district themselves, should be carried out. He wished to prevent a collision between the State Governments and the General Government, and thought they had better retreat before the battle, otherwise the Congress of the United States would be defeated.

Mr. ROOSEVELT took similar grounds.

Mesers. FESSENDEN, EVERETT and MAXWELL briefly replied and exposed the absurdity of the proposition that Congress, after having passed the Apportionment Act requiring the districting of the States, should now turn round and, sanctioning the President's 'reasons,' say that the law was merely advisory and not mandatory on the States.

The debate was continued on details of little interest until one, when, after voting on the remaining amendments, the Committee rose and reported the bill to the House. Mr. J. CAMPBELL, of S. C., moved to re-commit the bill with certain instructions, and briefly advocated the motion.

The previous question, moved by Mr. HALSTED. was seconded (thus catting off the motion to

The question was taken and the amendments of the committee were concurred in-among which was one of importance, providing that the Clerk of the House in making up the list of Members to be called at the organization of the House, shall include the names of none who do not appear to have been elected according to the Apportionment act, by single districts. The vote on this was, Yeas 99, Nays 79. The bill was passed-Yeas 99, Navs 82.

Mr. STANLY, from the Committee of Confer ence on the bill to reorganize the Army, reported and briefly explained the provisions on which the Committee had agreed. Mr. FILLMORE, from a

similar Committee on the Appropriation bill for the Army, reported-both which reports were laid

over and ordered printed. The House then took up the bills relating to the Territories, which have laid on the Speaker's table some days since their report from the Committee of the Whole, and one or two were ordered engrossed and others passed.

The House adjourned. Another struggle for business will ensue to-morrow, in which the two prominent competitors will probably be, Mr. ARNOLD's bill for the reduction of pay of members, &c. and Mr. BARNARD's bill to legalize 20 per cent. duty since 30th June .-This latter will hardly be acted on until it is revealed what disposition the President makes of the Revenue bill in his possession. A veto is generally anticipated to be sent in to-merrow.

In SENATE the resolution for adjournment was received from the House, and on motion of Mr. Preston postponed, and made the special order for Monday next.

The bill to extend the time in which the duties on certain rail-way iron imported and laid down for permanent use in Michigan may be remitted was ordered engrossed. The bill to supply the deficiency in the Navy Pen-

sion fund was taken up, and after some discussion

was laid over without action thereon. The bills to suppress the sale of lottery tickets in the District of Columbia, and requiring the Secretary of the Treasury annually to report to Congress the changes made by foreign governments in their import and export duties, &c., were

passed. The bill respecting furloughs in the Naval Service was taken up-the amendment of the Committee on Naval Affairs providing that no officer shall be put on furlough for less than three years without his conduct first coming under consideration. Mr. BAYARD of the Naval Committee explained that the object of the bill was to restore to the Secretary of the Navy his former power of putting officers on furlough at his pleasure, but not for less than three years without consulting them. Mr. CHOATE said that would effect a saving of about \$25,000 by putting on furlough and consequently giving but half pay to many officers who

were not and could not be placed in active service. After some further debate the amendment was agreed to, as was that providing for half-pay officers on furloughs. The bill was then ordered en-

The bill providing for the establishment of schools of instruction in the Naval service, (au thorizing the Secretary of War to transfer to the Navy such military posts and fortifications not exceeding five, as he deemed necessary, and the establishment therein under the direction of the Secreretary of the Navy of naval schools for the instruction of acting midshipmen and those preparing for examination, &c.) was taken up and debated at some length.

Without further action, the Senate adjourned.

THE LIFE AND TIMES OF LOUIS PHILLIPPE, KING OF THE FRENCH, By Rev. G. N. WRIGHT, M. A.; J. Winches-

We have here an interesting and valuable His torical Work, fresh from the London press, and costing some \$7 in the original edition, reprinted in three large sheets of the 'New World, at a cost of 25 cents, ready to be sent to all parts of the country at a postage of 3 to 41 cents, as thousands will doubtless be speedily disseminated .-The reading of such a work out of a Circulating Library would have cost 25 cents five years ago, and it would not have reached Pittsburg by the time it will now be for sale in Galena and Natchitoches. Surely the perfection of cheapness in Printing has now been realized.

This work is one of great interest, especially at the present time, when the life of its illustrions subject, now nearly seventy years old, appears to be the slender reed on which the pcace of the world is suspended. It is illustrated by Portraits Louis Philippe, his son the Duke of Orleans, (just dead,) and the widowed Duchess of Orleans, and is well printed.

FROM TEXAS .- Galveston dates to the 27th ult. have been received at New-Orleans. Congress adjourned on the 23d. An act was passed authorising offensive war against Mexico; but it was vetoed by President Houston on the ground that the Republic had not means to carry on such a war and that Congress had no authority under the Constitution for such a measure. It is said, however, that the Veto is merely a ruse to deceive the Mexicans; for active preparations are still going on, the squadron has been sent to sea, and Congress has made ample appropriations for its outfit and support. A bill, authorising the President to sell or mortgage 400,000 acres of the Cherokee lands, will tend to raise the credit of Texas. A bill, to regulate the collection of duties, and to receive specie or its equivalent in exchequer bills, is of great importance.

Mr. Hendricks Vlett, of New-Brunswick, N. J. was drowned at that place on Saturday. While sailing with a small company the beat was upset, and before he could reach the shore he was seized with cramp, which disabled him from swimming: the others were saved.

The house of Mr. John Freeland, in Philadelphia, was entered at an early hour on Monday morning and robbed of \$400 in gold and silver, a gold watch, silver spoons, &c.

Two young ladies were drowned on the 28th ult. while crossing the canal near Lafayette, Ia. They had been to attend the funerals of two persons who had met with sudden deaths.

IF A German was recently found with his throat cut from ear to ear near St. Louis.

YUCATAN .- There were two arrivals from Yucatan yesterday. The Courier says the only news they brought was the report of the march of Mexican troops towards the Peninsula. Not the least alarm, however prevailed in Sisal or Campeachy. In these towns, and in Merida, business went on pretty much as usual. [N. O. Pic. 28th.

TAYLOR, JOHN COGER, Jr. THOMAS HYATT,

STEPHEN BARKER.

On motion, it was resolved, that a Committee be appoint ed to retire and draft resolutions expressive of the sense of this meeting, whereupon the Chair appointed Messrs. J. H. H. Haws, Richard Scott, George G. Taylor, George E. Belcher and J. S. Dodge such committee. The Committee having retired, returned and reported the

following Resolutions, which were adopted by the meeting without a dissenting voice: Resolved, That we cordially respond to the nomination made by the Mass Meeting at National Hall of HENRY CLAY for the Presideacy—that firmly relying upon his well tried and purely republican principles, we feel confident that his election alone can secure the permanency of our institu-

tions and bring back our country to its former wonted pros Perity.

Resolved, That the law for Distributing the Proceeds of the Sales of the Public Lands having been fully discussed during the Presidential contest which resulted in the elec-tion of the lamented Harrison, and sanctioned by the elevaion to office of persons openly and avowedly in favor of such distribution, we hold that if John Tyler should make the repeal of that law a condition of signing any bill that may be presented to him by Congress, he is a traitor to the party which elected him, to Democratic Principles, and to the well being of a country which looks to him for the fostering care of a lather, instead of the wicked and capricious conduct of a Tyrant

Resolved, That a proper and adequate Protection to Do-nestic Industry and Manufactures is one of the principal objects of Government, as tending in the greatest degree to promote individual and national prosperity and happi-

Resolved, That the States composing the National Confederacy having delegated that power to the General Government by giving it the power to lay duties, have a right to demand such legislation on that subject as the general interest and welfare of the country require.

The following Resolutions, offered by J. H. Haws, were adopted by acciamation.

Resolved, That in the opinion of this meeting the reduction of the pay of the officers in the employ of the Common Council to the extent proposed by the report of the Joint Committee of both Boards, is unwise and inexpedient, and is prejudicial to the interests of the Whig Party.

Resolved, That the present pay to the watchmen and Resolved, That the present pay to the watchmen and other subordinate officers, and workmen in the employ of other subordinate officers, and workmen in the employ of the Common Council, is by no means too high to command the services of honest, faithful and competent men, and enable them to provide comfortably for their families; and we do earnestly entreat our friends in the Board of Assistant Aldermen to negative the ordinance on this subject as recently passed by the Board of Aldermen.

JOSEPH McKEEN, Chairman.

ISAAC H. MEAD, Acting Chairman. Wm. Jones, Jr., Secretary.

D' Twelfth Ward .- At a meeting of the Whits of the 12th Ward, held at Hazard's, Yorkville, on Manday vening, August 8th, pursuant to the call of the Ward Committee, ALONZO A. THOMAS CARNLY. ALONZO A. ALVORD M. HOPPER MOTT, WARREN BRADY,

The following resolutions were then passed unanimously Resolved, That we tender to the whole body of Whig Re-presentatives and Senators in Congress our hearty thanks or the industry, zeal, and ability with which they have labored in the people's cause, during their present lengthened session, opposed, as they have been, by false pretenders to De-mocracy in the Legislature, (the real worshippers of arbi-trary power,) and by the President whom accident, with the much abused confidence of a deceived people bas evalted to his present station; that we mourn the injuries which have been inflicted on the country by the President's obstinate disregard of the people's will, but would "ather see thoselinjuries increased than pusillanimously surrender at the insolent demand of that weak and disobedient servant, the best principles of the Constitution and the dearest rights of best principles of the Constitution, and the dearest rights of

Resolved, That we look with triumph at the act by which Congress has maintained its independence of executive dic-tation; and that while we can scorn the dishonesty that op-poses the measures but lately recommended and approved, we can also resent the wanton exercise of power by which the laborer, the manufacturer, the mechanic, and the farmer would be deprived of the means of support, - and can punish

of home industry, is constitutional and necessary, and that the country cannot prosper without it; and that we hold the rs here in opposition to this vitally important measure.

Resolved, That HENRY CLAY is the only man to whom

the People can look for a just administration of this Government, and that we hall the omens every where appearing, of the glorous triumph that awaits him in the next Presidential campaign.

Resolved, That the public debt of this State eight not to be increased unless the measure be necessary in order to ob-tain the benefit of the treasure already expended on its pub-

and the power of the State.

Resolved, That we honor the Judiciary that has justly administered the law in disregard of the maledictions of bad men; that if, as those mensay, "success is not the test of nerit," defeat often is ; that the conviction of an indicted

received the condemnation of all honest men.

Resolved, That we pity our Loco-Foco neighbors of this ward, who have lately been disgusted with the nauscating spectacle of the late Corporation Counsel, laboring openly

called together at the instance of a magistrate in office, prompted to revile the highest courts of law, and besouted with ignorance and dishonest, assuming to reverse their decisions unanimously pronounced, so as to rescue that magis-trate from the disgrace with which deteat has covered him must convince the country of the true character of this pretended Democracy, and keep it prostrated, where it is ALONZO A.
